The new Quadra-line

The well-tried Quadra-line-keypad is taken to a new level. It is characterized by its innovative design and is a real eye-catcher. Compared to the previous model there are no longer any visible screws in the keypad. A new intelligent fixing technology creates not only more security but also enhances the visual appearance of the keypad. The Quadra-line is compatible with the logics from 2012. We offer a stringent further development of our bestseller in rated geba quality.
